

Friday

October 2 - 4 MAC Ed Credits

1:00 – 5:30 p.m.

Business of Anesthesia Boot Camp – Tracy Young & Matt Zinder

An intensive, practical program designed to equip anesthesia professionals with business knowledge and confidence to thrive beyond the clinical setting. The boot camp focuses on understanding professional worth, foundational Business 101 concepts, and the financial and operational structures that drive anesthesia practice. The program also provides guidance on negotiating terms and securing an anesthesia contract. Attendees will have the tools advocate for themselves and strategically position their practice for sustainable success.
